PERFORMANCE
ENGINEERING

EXPERIENCE THE DIFFERENCE!

"The result of 25 years of performance engineering excellence and continuing competition success."

If your engine is due for a rebuild and you would like a little more power for overtaking or a lot more power to see off those turbo injected saloons, an *OSELLI ENGINE* is the answer.

PERFORMANCE
— RELIABILITY
— COST EFFECT

We offer a comprehensive range of engine specs to suit every requirement. Each is designed with the emphasis upon reliability, good fuel economy and excellent low speed driving characteristics.

Rover V8

Specification	Power Output
3.5 Road/Economy	200 BHP @ 5500 rpm
3.5 Fast Road	224 BHP @ 5800 rpm
3.9 Fast Road	250 BHP @ 6000 rpm
3.9 Rally	282 BHP @ 6500 rpm
3.5 Strengthened Half Engines available	
3.9 Strengthened Half Engines available
